THE "EMBODIMENT."

"Henry Clay, the living personification and embodiment of whig principles."—
Whig Address.
IN 1777
born: In
1805 quarrelled
with Col. Davis, of Ken-

tucky, which led to his first duel: In 1808 he challenged Humphrey Marshall, and fired three times at his heart: In 1825 he challenged the great John Randolph, and fired once at his heart, without effect: In 1838 he planned the CILLEY DUEL, by which the MURDER was perpetrated, and a wife made a madman: In 1841, when 55 years old, and grayer, he is under 5,000 dollars BONDS TO KEEP THE PEACE! At the age of 29 he PERJURED himself to secure a seat in the United States Senate! In 1824 he made an infamous bargain with John Quincy Adams, by which he SOLD OUT for a \$6000-a-year OFFICE. HE is also well known as a GAMBLER, and a BATH BREAKER. His political principles are precisely those of the venetian federalists: opposed to equal privileges, equal laws; and in favor of monarchical laws and privileges. Also the famous rines deeds of FLOOD AND MURDER.

TO SAIL FIRST NOVEMBER.

Georgia.—A Milledgeville (Ga.) paper says: "News was received here yesterday that R. W. Flourney, a talented whig of 1840, heads a list of twenty-five that have wheeled into the Democratic line in Washington County, and it is estimated that about ONE HUNDRED AND FIFTY in Oglethorpe, among whom are ex-Governor Gilmer and Dr. James Sims, have left the Whig ranks, and enlisted under the banner of Polk, Dallas, Texas, and Oregon."

A gentleman in want of a wife, says in an English paper, addressed a passionate billet doux to a lady, and added the sentence, 'don't be long in answering, as I have another person in my eye.'

POLK &

DALLAS

All Hail, Indiana!!!!

O. K.

STATE ELECTIONS.

THE HOOSIER STATE ERECT. THE COONS, AS USUAL, CROWING BEFORE THEY ARE OUT OF THE WOODS.

The mails of last night came lumbering along with the heart-cheering intelligence that Indiana had again placed the seal of condemnation upon Clay, and the faction of which he is the file leader. A clear and shrill note of democratic triumph came ringing through the air, whiggery shrank with dismay, and looked aghast as if filled with the most awful forebodings.

Indiana all right. POLK and DALLAS will be sustained by the democracy of that State by a larger majority than Harrison received in 1840; and it is a forewarning, that a greater DEFEAT awaits the WHIG PARTY throughout the UNION than has been known since the days of JEFFERSON. The following returns we clip from the Louisville Democrat, of the 13th.

The remaining counties to be heard from elected nine Democrats and four whigs to the Legislature last year.

The same paper, in a postscript says:—"We learn from the Cincinnati Enquirer of last evening, that a gentleman direct from Lafayette reports that Tippecanoe has gone democratic."

If this information is correct, the legislature in 63 counties will stand 46 democrats to 41 whigs; and if the remaining counties stand as they did last year, the democratic majority in the lower House will be ten.

In the popular vote of 43 of the above named counties, the democrats have increased their majority 1,747 over what it was last year, when they elected their Governor by over 2000 majority. From such a result, cheering as it is to the democrats, and indicating, as it does, the certain triumph of Polk and Dallas, the whig simpletons have sent up a crow for Indiana.

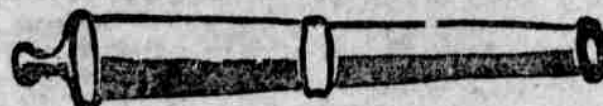

MISSOURI.

The Democrats have succeeded in this State by an increased majority over the popular vote of 1843; and according to the Whig papers received last night, the Senate will stand 25 Demo-

crats to 8 Whigs; and there will be a large Democratic majority in the Lower House. Missouri is safe for Polk and Dallas by at least a majority of 10,000.

GLORIOUS NEWS FROM ILLINOIS!

"BRING OUT THE BIG GUN."

"WAS NOT THAT THUNDER."

The Missourian which came last evening, brings us great tidings from the Prairie State. The Coons are nowhere in Illinois. There is no chance for Clay north-west of the Ohio river.

Illinois.—From Hoge's district, (the upper one on the Mississippi,) we learn that in Hancock County he was 1240 ahead as far as the returns had come in, which it was thought would be increased to 1600. This undoubtedly secures his election over his whig competitor.

Judge Douglass has made a clean sweep of whiggery in his district, the next below Hoge's on the Mississippi. His majority last year over Browning was but 451. Now it will not be less than 1700 or 1800, and may run up to 2000! Last year Browning's majority

in Adams County was 450, now, Douglass beats Woodson there upwards of 300!

The Counties of Brown, Schuyler, Peoria, Jersey and Macoupin, had been heard from, and Douglass' majority was upwards of 1200. The only question before the people was upon National politics—the battle cry of the Democracy being "Polk and Dallas," Oregon and Texas. Illinois is safe for the nominees of the Baltimore Convention by at least 12,000 majority. In the district opposite here, Smith, (dem.) the old member, is running ahead of Reynolds, (traitor) in every County heard from, and will beat him probably 2000 votes. His majority in Madison County alone is 700.

NORTH CAROLINA COMING.

The Globe received last night contains the returns from a number of Counties in which there is a democratic gain of over one thousand and thirty-two over the vote of 1842, when Morehead was elected Governor of the State over Henry by a majority of 4592. What over conjectures may be formed as to the final result—and no one can now claim more than 2500 whig majority for the whigs on any basis of calculation—one thing is most certain, the gain is such as to afford a most confident hope

that the democracy will carry the State in the Presidential election. The Globe says further, that the "large Counties remaining to be heard from lie in the western part of the State where Hoke, the democratic candidate resides, and we expect his gain will be greater there in proportion to the number of votes than it has been in the Counties heard from." This affords a reasonable hope that we have beat the whigs or run them to the girth.

KENTUCKY!!

YOU'RE A GONE COON.

DEMOCRATIC GAIN, ACCORDING TO WHIG ADMISSIONS OF UPWARDS OF Twenty-one Thousand.

The returns of the Kentucky election are not yet complete. The Lexington (Ky.) Enquirer (whig) of the 13th instant, says:—"we shall not be astonished, if, WHEN ALL IS TOLD, it (the whig majority claimed) should come down to about 5,000." Their majority in 1840 was upwards of 26,000. The Louisville Democrat of the same date, states that the whig majority, from the returns received, is already "down" to a little over 4,000. Taking every thing into view—that Kentucky is Mr. Clay's own State—that he engaged personally and ardently in the contest—this democratic GAIN in that State is the most glorious news, and the proudest result for our party which we have to report.

us, then, in the close of our happy and harmonious Convention, and in separating with our friends for a time, part under the heart cheering knowledge, that before we meet again TENNESSEE WILL STAND REDEEMED, EMANCIPATED AND DISENTHRALED FROM THE SHACKLES AND MANACLES OF FEDERALISM AND WHIGGERY IN WHICH SHE HAS BEEN UNHAPPILY BOUND FOR THE LAST FEW YEARS. LET THE WHOLE DEMOCRACY THEREFORE, AS OF OLD, SAY, AMEN—SO MOTE IT BE!

Taking all these results, they afford the most abundant cause for rejoicing and exultation. They show with unerring certainty, that a most glorious victory awaits the democracy in November. In regard to this certainty, there is now no ground for fear or doubt. Let

GO IT POLK!!!!
